

## **LADIES WHO LUNCH**

We ventured a little further out to The Farmers Arms at Baycliffe for a most delicious meal. I love seafood and they served a most delicious plate of muscles in garlic and wine. Others chose equally delicious fish and chips. The staff were attentive and the food excellent.

If you can find your way up the twists and turns to Baycliffe, the Farmers Arms is certainly a must for us. We will go again and so say all of us!
